INTERNSHIPS...a part of The Greenery since the 1980's

CLEMSON UNIVERSITY

"The Greenery is committed to recruiting interns through college and university career fairs. Our 10 week paid internship program is extensive allowing a student to work in all facets of our company."

— Billy Gray, Human Resources & Internship Recruitment

"It's a win-win for our company and for the intern. The student gets on-the-job training. We often find a future employee who is well educated with a strong work ethic."

— Jerry Ashmore, Beaufort Operations & Internship Development
